Health Care Spending Account.

Available when you buy a Group Advantage Health plan.

Health Care Spending Accounts (HCSA) add non-taxable supplemental coverage to an employee's Group Advantage Health and Dental plans.

HCSAs are a win-win because they enhance benefit flexibility, allow your employees bonus coverage for what's important to them, and you're only charged when the account gets used.

Your employees can use their HCSA to:

- Pay for deductibles and amounts over and above a deductible.
- Cover extra expenses for a benefit if they've hit the maximum not paid for by their employer.

How do HCSAs work?

As an employer, you choose the HCSA amount your employees get each year, from a minimum of \$250 per employee all the way up to \$15,000 (in \$50 increments). You can even set different amounts for different employee groups (managers versus staff, for example). Once you've set up your HCSA, employees can send claims for reimbursement just like they would any other benefits. We'll make sure those claims are eligible, reimburse the employee, and send you a monthly invoice for the total cost of claims plus a 10% administration fee and any applicable taxes.

What kind of medical expenses are non-taxable?

We're glad you asked. The Canada Revenue Agency keeps a list of expenses eligible for HCSA coverage. Common examples include things like prescription eyeglasses, prescription drugs, and dental services.

GMS Care Network: Around-the-clock care.

GMS Care Network is our signature assistance program available to all Group Advantage customers. It's a network of virtual secure services that support whole health—body and mind. You can access GMS Care Network by phone, online, or through a mobile app.

Frequently Asked Questions.

Can I choose which benefits I include in my group health plan?

We designed GMS Group Advantage with a focus on consistent, reliable rates and comprehensive coverage. Most of the benefits are pre-selected, but you can choose between our Silver, Gold, and Platinum plans based on what you think you and your team need. You can also add life, disability, critical illness benefits, and more.

Can my employees submit claims online?

You bet. Encourage your employees to sign up for a My GMS account. Once they do, they can submit claims online, track claim payments, sign up for direct deposit, and get more information about a claim through their Explanation of Benefits.

How fast are claims processed?

We pride ourselves on top notch customer service – it's one of the ways we respect our customers' time and money. Assuming we have all the information we need, our goal is to process claims within three business days from the date we received a claim. Claims submitted via My GMS are often processed even faster! Plus, you and your team will get a GMS Card. Use your card at participating health and vision service providers and we'll pay them directly for covered costs, so you don't have to pay out of pocket.

How will my employees learn about coverage details after I buy Group Advantage?

Once we've officially welcomed you on board, we'll send you a benefit booklet to share with your employees. It include everything you'll need to know, including benefit details and maximums. The person you choose as your plan administrator will also get an administration manual with information to help your employees every step of the way.
